FIFTHDOMAIN
SECURING CYBER SKILLS

[FIFTHDOMAIN.COM.AU](https://www.fifthdomain.com.au)

OUR LEARNING LABS ENABLE TEACHER-TO-CLASS STYLE TEACHING OF CYBER OPERATIONS AND SELF-PACED ELEARNING THROUGH HANDS-ON VIRTUAL LABS.

- remote and on-premises access
- available 24/7 anywhere in the world
- integrates with your existing Learning Management System (LMS)
- delivers content from multiple sources, meeting your specific needs.

Our lab technology has expanded to incorporate a teach function. Teachers can now create and deliver customised content in tailored lab environments and include documents and video to support learning journeys. Quizzes can be used to measure learning outcomes, in line with the globally recognised NICE Cybersecurity Workforce Framework.
