# Getting started with ACA

1

## Get help

Visit [aca.edu.au/start](https://aca.edu.au/start) for step by step instructions.

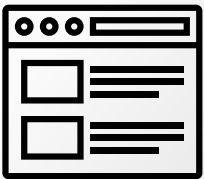

2

## Create your free teacher account

Register for an account at [groklearning.com](https://groklearning.com).

Request teacher verification.

3

## Register students

Visit your Teacher Dashboard at [cmp.ac/dashboard](https://cmp.ac/dashboard).

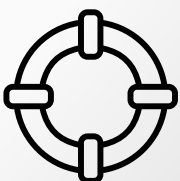

Click 'Register' to register your students by uploading a CSV file, adding from Google Classroom or by adding them directly.

4

## Get students coding!

Visit [cmp.ac/challenges](https://cmp.ac/challenges) to assign Challenges to your students and track their progress on your Teacher Dashboard.

5
